**THE RAILROAD!**

The Right of Way for the J. L. & S. Railroad Through the Village Virtually Secured and the Road will Come to Cheboygan.

The Names of the Liberal and enterprising Citizens Who Donate the Land and Contribute the Money to Secure the Desired End.

We are proud of Cheboygan. We are proud of her liberal and enterprising citizens. When called upon to show their liberality and enterprise in any project looking to the advancement of the village or country, they have always proved equal to the occasion, and have gained an enviable reputation in this respect throughout the state. Their response to the call to secure the right of way through the village for the Jackson, Lansing & Saginaw railroad in order to have the road come to Cheboygan was such as to fully sustain the reputation they had won. In accordance with the call issued last week, a mass meeting was held at the Town Hall last Saturday evening. The attendance was large, enthusiasm great, and the response for contributions prompt. The chairman stated the object of the meeting and showed forcibly the importance of prompt action upon the part of our citizens. The meeting was also addressed by W. S. Humphrey, James J. Brown, Hon. Wm. McArthur, F. M. Sammons and Wm. Bartholomew, all being enthusiastic in favor of Cheboygan taking advantage of securing railroad connection with the outside world upon such liberal terms as has been offered by the officials of the J. L. & S. road. The response by the liberal and enterprising citizens of Cheboygan was prompt and liberal, and each subscription to the fund was loudly applauded. An estimate had been made of the amount necessary to be raised in money in addition to the donations of land which had been promised, and it was stated to be \$2,000. Since then it has been ascertained that it would require probably \$400 more, or \$2,400. In response to the call for subscriptions, \$1,233 were subscribed. W. S. Humphrey leading the list with \$300. This was raised in a very short time. Motion was made and adopted that a committee of three, including the chairman, be appointed to solicit subscriptions and report Monday evening, to which time the meeting adjourned. Hon. Wm. McArthur and Chas. Bellent were appointed. Monday evening the chairman reported an aggregate of \$2,613 subscribed, and were authorized to continue their good work and also arrange for the right of way. While as a general thing our citizens have been generous and liberal in their contributions, and have felt that those who disposed are standing in their own light and working against their own interests as well as the interests of the entire community. That all may know that the liberal and enterprising citizens are who have contributed to secure this much desired and long wished for road, we give below the names and amount subscribed. All will see that many who have no real estate interests have contributed liberally to raise the necessary amount. In addition to the money subscribed, liberal donations of land have been made. McArthur Smith & Co. donated about 10 acres, in addition to which we understand the company desire a few acres near the terminus of their road at the dock for turning table, side tracks, etc., and this McArthur, Smith & Co. have promised to donate. The road, as run through A. P. Newton's field, back of his fine residence, taking about 1 1/2 acres, which Mr. Newton donates. It passes through R. Patterson's second platted addition to the village, taking 3/4 of an acre. This Mr. Patterson donates. It also passes through his first addition. Here it takes off the front of some lots that are improved, having good dwellings upon them, beside badly cutting up unimproved lots. For the damage to the improved property, Mr. Patterson thinks he is entitled to some compensation. Wm. Bartholomew also donates something over a half acre. M. W. Horn donates about one acre, and we understand, in addition to this has promised to donate land for depot. John W. McNeil donates about a half lot on Black River avenue.

**THE SUBSCRIPTIONS.**

The annual report of Colonel Worthington, the statistician of the Agricultural Department, just issued, gives some interesting facts concerning farm labor and wages. In the Pacific and mining states and territories the range of wages for farm laborers without board, is between \$20.75 in Montana and \$22.50 in Washington territory. Of the states east of the Mississippi, Minnesota pays her farm laborers better than any other Northern state, monthly wages with board being \$13.50, while the Vermont pays only \$12.00 in the Southern States the prices paid range from \$12.25 in Louisiana to \$7.32 in South Carolina, the average being \$9.60. The cost of the subsisting the laborer for the average of the whole country in 1879 is \$7.17 a month, against \$7.14 in 1873. The demand for laborers is good in all sections of the country.

J. L. Benjamin, of Romeo, has succeeded admirably in raising California salmon in his artificial lake.

**Marine.**  
—The Lawrence called in, bound up, last night.  
—The Nashua called in bound down Sunday night.  
—The St. Albans called in bound up Sunday morning.  
—The Lowell is expected in this evening, bound down.  
—The City of Concord was in, bound up, Wednesday morning.  
—The City of New York was in, bound down, Thursday evening.  
—The Lowell, of the N. T. line, was in bound up Monday forenoon.  
—The St. Paul did not arrive on her trip until noon Tuesday.  
—The steamer Champlain called in bound down, Wednesday evening.  
—The schooner T. V. Avery, completed her cargo and cleared Monday for Chicago.  
—The propeller Nashua is expected up to-morrow forenoon on her way to Chicago.  
—Capt. Kirtland is loading the Levianth's barge with timber for Sand Beach harbor of refuge.  
—The propeller Oswegatchie called in bound down Sunday night and was in bound down last Sunday morning, and called in bound up early Thursday morning.  
—The steamer St. Albans called in bound down last evening. She landed twenty-one head of cattle and a lot of hog for our butchers.  
—The schooner E. M. Portch arrived Monday and loaded cedar ties from Wetmore and Lathrop and cleared Wednesday evening for Chicago.  
—The Marine City arrived up on time yesterday morning and left at 7 o'clock for Sault Ste. Marie. Quite a number from here joined the excursion.  
—The fishing tug Kitty O'Neil, burned at the Beavers about a month ago, her upper works being entirely destroyed. She was brought here the first of the week and hauled out at Amiot's ship yard for repair.

—The Keeweenaw did not leave on her excursion until six o'clock Sunday morning. A number who intended going to the Sault, got tired waiting for her Saturday night, and went home to bed. She returned Monday afternoon.

**Striking Contrast.**  
Hon. William McKinley, member of Congress from the Canton, Ohio district draws the following striking contrast between twenty years of Democratic rule and twenty years of Republican rule in managing the affairs of the nation. We would ask a careful perusal by all thinking men and then would have them candidly decide upon the merits of the case which party, from its record, would be most likely to produce the welfare of our country and which of the two parties is most worthy of being trusted with the reins of government.

In 1860, after twenty years of Democratic rule, a Government six per cent. bond sold for eighty-nine cents per cent.  
In 1880, after twenty years of Republican rule, a Government four per cent. bond sold for 108.  
In 1860, after twenty years of Democratic rule, a loan of \$15,000,000 exhausted the market for six months.  
At the end of twenty years of Republican rule a loan of \$150,000,000 was taken in a single day.

In twenty years of Republican rule we find:  
An increase of population of fifty per cent.  
An increase of general agricultural exports of 300 per cent.  
An increase in exports of bread and breadstuffs of 650 per cent.  
An increase of exports of manufactured articles 225 per cent.  
An increase of railway mileage of 187 per cent.

In 1860 after twenty years of Democratic rule, Congress authorized a loan of \$25,000,000 to pay current expenses.  
In 1880, after twenty years of Republican rule, the Secretary of the Treasury pays \$35,000,000 of debt contracted for a war brought on by a solid Democratic South, which now waxes power again so as to stop the waving of the bloody shirt, the wearing of which is Hancock's chief glory and his whole available stock as a candidate for Presidency.

In 1860, after twenty years of Democratic rule, the balance of trade against the country was over \$200,000,000.  
On May 21, 1880, after twenty years of Republican rule, the balance of trade was over \$162,000,000 in favor of the country.

**The Keystone Baud.**  
The particulars of the crime for which the man English was arrested we find in a special telegram to the Cincinnati Enquirer from Bradford, Pa. The telegram states that his crimes have been numerous, and of a most aggravated character.

On the morning of April 17th last, District Attorney Wursel and officers Volmer and Wainth, of St. Mary's, went to the home of English, in the village of Caledonia, Elk county, to arrest him for forgery. They rushed into the house and surprised English, who retreated to a room upstairs and barred the door. The officers attacked the door and were warned by English to go away, but persisted in the endeavor. Finally English grabbed a Winchester rifle and fired through the door, the shot killed Constable Wainth. The officers then retreated to the yard, when English shot Volmer in the leg. English then rushed from the house to the woods.

As he was running Wursel shot him in the calf of the leg, but he managed to get to the woods, however, and though hundreds of men scoured the forest for weeks afterward, he has eluded every pursuit, until the present rewards of \$10,000 were offered by the county commissioners of Elk county, \$300 by the citizens of St. Mary's. Now that he is captured, the people around Caledonia will feel secure of their lives and property. He will have the justice meted out to him that his many crimes merit.

Congressman Horr, of this district, speaks this afternoon and evening at Kalamazoo upon the political questions of the day.

Go to McArthur, Smith & Co's for all kinds of merchandise.

The English cabinet council has made a slight concession to the butchers by an order allowing the transshipment of United States cattle in the Tyne.

**Shall Cheboygan County Be Represented at the State Fair.**  
If Cheboygan county is to be represented at the State Fair this fall it is time that something was being done. Last year the Michigan Agricultural Society took the matter in hand and the display made was gathered by a committee appointed by the President of the society. The exhibition, while creditable to our county so far as it went, was not what it should have been. This was not the fault of the committee, the members of which devoted considerable time gratuitously in their endeavors to secure a good showing. Our neighboring counties are already moving in the matter. The Boards of Supervisors of some of the counties have made an appropriation of \$100 to aid their respective counties in securing a good showing. Cheboygan is equal to the best for agricultural purposes and in some respects offers advantages that other counties do not possess, but if we lack enterprise and fail to take advantage of opportunities offered for making these advantages and the productiveness of the soil known and allow more enterprising counties around us to get ahead of us in the matter of advertising, it must be expected that they will outstrip us notwithstanding any superior advantages our county may possess over them.

If an exhibition of the products of our county is to be made at the fair, now is the time to get the matter started. The farmers should be solicited to carefully select and preserve with care samples of grain and grass. These should be done up in bundles six or eight inches in diameter and firmly bound with bands ever few inches to keep them in good shape and avoid danger from handling. We would suggest that the Agricultural Society again take the matter in hand, and that a meeting of the Board of Directors be called to appoint a committee to take charge of the matter. We know that the society is not in a condition, financially, to bear the expense of this but we believe there is enterprise and liberality enough among our citizens to sustain them in anything they would undertake looking to the welfare of our county and to the securing of a good showing for our county at the coming fair. In our opinion this is an important matter and should be attended to at once.

**CONDENSED NEWS.**  
The steamer Dessant, with the Egyptian obelisk on board, arrived at New York last Tuesday.  
Capt. Eads is likely to get the job of removing obstructions from the mouth of the Huron, in Spain.  
Pittsburg has over 6,000 coke ovens which produce more than 100,000,000 pounds of coke per year.  
A cartridge company of Bridgeport, Ct., has an order from the Turkish government for 4,500,000 cartridges.  
There are now in the United States 900 miles of bridges, one-third of them are of stone and iron and two thirds of wood.  
Hoe & Co., the printing press manufacturers, are said to have recently bought the Bullock patents for \$2,000,000.  
The crops in the southwest of France are regarded as destroyed in consequence of the terrible and frequent storms of the summer.  
The cities of Manchester, Contoconk and Milford, N. H., were all shaken up by an earthquake at 7 o'clock last Tuesday evening.  
The revenue deputies arrested for killing a man named Jones, near Atlanta, Ga., recently, have been discharged on the ground that they only did their duty.  
A shortage of about \$1,300 has been found in the Richmond (Va.) postoffice, and Postmaster Forbes will be arrested unless the deficiency is made good very soon.  
The Secretary of State announces that the international commission will meet August 10, at New York City, to effect a permanent organization for holding the international exhibition of 1883.  
The controller of the currency has ordered an assessment of 100 per cent on the stockholder of the busted Newark, N. J. First National bank, to make good the deficiency; one-half payable in 30 days and the other half in 60 days.  
The remains of the murdered Indian agent Meeker have just been taken from their hurried grave and reinterred. An iron chain about four feet long was found about the neck, proving the story true that the Utes dragged the body about the agency after the massacre.

While a little lake in the domain of Deutscheylan in Prussia was being drained, a few weeks ago, a huge iron chest was found in the mud and weeds of the bottom. Machines were brought and the chest hauled out. It was found to be full of gold, and is believed to have been one of Napoleon Bonaparte's army chests, flung into the lake for safety on the disastrous retreat from Moscow in 1812.

**STATE NEWS.**  
The oldest man in Macomb county, as reported by the State enumerators, is James Tebo, of Erin. His age is 104.  
The storm of Genesee county have done much damage and is believed to have been one of Napoleon Bonaparte's army chests, flung into the lake for safety on the disastrous retreat from Moscow in 1812.

A farmer named Joseph White who lives about sixteen miles from Gaylord, was buried in a well forty feet deep on Saturday. His body was recovered after forty-two hours digging.  
It is said that the Lake Shore company will contest the right of the Butler road to cross its track near Adrian. A whole line of freight cars was put upon a side track on the line of the crossing Saturday.

Although the first car of new wheat placed in elevator at Detroit was on the 17th inst., on Saturday, July 10, there was thrashed, stored and shipped from Vandallia, Cass Co., a car of new wheat which reached Detroit on Monday, the 12th.

A youth named Merritt Malcolm stole an ox from a farmer near Mt. Pleasant, drove it to St. Louis, sold it for \$30, came home and got married on the proceeds. The next day the sheriff gobbled him and carried him to the county jail, where he now awaits the sitting of the Circuit Court.

The Turf, Field and Farm says: "The Hillsideas can undoubtedly outrow any four that is at present known to the aquatic world. Their style is perfection itself. They row quick and strong, do not overreach, generally starting at 43 or 46, dropping to 40, and finishing again as the start."

Last week the American Union telegraph company commenced putting up poles at Point Edwards on the Grand Trunk grounds, when the agent of the old company telegraphed to Montreal to that effect. On being advised from the latter city he sent out men and cut two of the A. U. poles down, where he now awaits the sitting of the Circuit Court.

Bay City Tribune: When Louis Van-derveld lived in the last ward, he was the possessor of a lot of carrier doves. Well, Louis became a granger and took his pigeons to the country with him. He has lived in his country home 21 months, and a few days ago gave some of his pets their liberty by letting them out of their coop. They made a bee line for their old home in the First ward, which they reached in 10 minutes after they were released. He also made a present of one of these to a friend in Detroit, who kept him confined for 11 months. On being released this bird also flew straight back to its home in the First ward.

**Montreal from.**  
R. L. Mosely, of Montreal, Canada, certified Sept. 27, 1879 that he had suffered terribly from dyspepsia, and was completely cured by taking Warner's Safe Bile Beans. "My appetite is good, and I now suffer no inconvenience from eating hearty meals." The Bile Beans are also a specific for all skin diseases.

**Baths! Baths! Baths!**  
Baths, hot and cold, at W. C. Moore's, 25 cents.

**Unquestionable.**  
The Herald, Detroit, Mich., says of Warner's Safe Bile Beans and Kidney Cure: "Its efficacy in kidney, liver and urinary diseases is so fully acknowledged that it is not worth the questioning. Bona fide testimonials from well known citizens in public and private life are evidence strong enough to convince the most stubborn doubter."
